## January Employee Spotlight

Vilma Yoson McLelland was born in the Philippines. She has been married for over 16 years and has resided in Houma since then. Because of Vilma's love to care for the elderly, she enrolled in Blue Cliff College and completed the Medical Assistant program. After graduating as a Medical Assistant, she began working at St. Joseph Manor in January 2012 in the Personal Care Dept.

Vilma enjoys traveling and learning the cultures of different places.

Her favorite thing in life is spending time with her family especially her parents. Vilma believes it is her time to give back to her parents who made her who she is today. She hopes to always make them happy.

Knowing the residents is a very rewarding and positive experience for her. She stated, "taking care of the residents is somehow educational, especially when having conversations with them and the residents share their life experiences through laughter and occasional tears." Her parents always taught her to have great respect toward her grandparents and she said "working at the Manor is like being home all the time."

Vilma, thank you for all you do for the residents and staff! Praying God will Bless you always!
